A NEW RAILROAD.

The Gainesville and Gulf railroad is being pushed rapidly towards the gulf. It is now in operation to a point near McIntosh. The charter compels the company to run the road through Brooksville by the next season.

What is Ocala doing towards getting this new road to come within its corporate limits? Here is something for our wide-awake mayor and enterprising city council to think about. Ocala is nearly on a line with McIntosh and Brooksville, and with proper inducements we are almost sure the company will take us in. It will be a paying road from the start and will be of immense value to Ocala.

We trust our citizens will look after this matter at once. Ocala can ill afford to be side-tracked by another through line of road.

MORE ABOUT BONDS.

We want it distinctly understood that we are opposed to the \$50,000 bond issue soon to come before the voters of Ocala. It is no more like robbing Peter to pay Paul. Our people see no earthly good in it for them. The long and short of it is, in plain English, to settle one debt by creating another at a greater expense. Unless our city can be bonded, with proper limitations, for a sufficient amount to make necessary improvements and place it on a solid financial basis, we are in favor of side-tracking the whole thing. We want \$100,000 worth of bonds or none.

Mr. Baxley, the man afflicted with cancer of the face, who went crazy at the Delmonico hotel Sunday night, has been heard from at Wildwood. We think the authority is reliable. It is said that he boarded the train at Belleview and went to that place. Too much cannot be said for the disinterested kindness of Dr. Brown, who treated this destitute and horribly afflicted man without money and without price, or of Mrs. Massett, proprietor of the Delmonico hotel, took him in and gave him food and lodging. There is a promise in the good book for such as these.
